EDUCATION

Bachelor's of Commerce	2018-2021	University of Delhi	8.75/10.0
CBSE(Class XII)	2018	The Doon Global School	86.5
CBSE(Class X)	2015	The Doon Global School	9.65

PROFESSIONAL EXPERIENCE

Senior UI/UX Designer, Calance Software, Gurgaon

Jun 2025 - Jan 2026

- Led end-to-end UX/UI design across web and mobile platforms, creating scalable user flows, interaction patterns, and design systems for enterprise and marketplace products
- Designed the AtCost B2C marketplace experience, improving product discovery, search, and checkout workflows while streamlining design-to-development collaboration
- Structured information architecture and multi-step user journeys, including onboarding, product selection, and transaction flows, improve usability and task completion efficiency
- Delivered 25+ high-fidelity screens, interactive prototypes, and developer-ready hand off documentation using Figma
- Collaborated closely with product managers, developers, and business stakeholders to translate complex requirements into intuitive, user-centred product experiences
- Used AI-assisted design workflows, rapid prototyping, and automation tools to accelerate ideation, design exploration, and iteration cycles
- Conducted usability analysis, competitive research, and UX improvements to identify friction points and enhance overall user experience

UI/UX Designer, Oolook, Jaipur

Oct 2022 - Jun 2025

- Designed 20+ end-to-end UI/UX experiences for web and mobile platforms, translating business requirements into intuitive, user-centred solutions through wireframes, user flows, interactive prototypes, and high-fidelity UI designs using Figma and Adobe XD
- Conducted user research, user interviews, usability testing, competitive analysis, and usability-driven iterations with 30+ users to identify friction points and improve accessibility, engagement, and overall product usability
- Collaborated with cross-functional teams including product managers, developers, and stakeholders across 10+ Agile/Scrum projects to deliver scalable, responsive, and business-focused design solutions within iterative sprint cycles
- Built and maintained scalable design systems, reusable UI components, responsive layouts, and interaction patterns, improving design consistency, reducing repetitive effort by ~35%, and streamlining developer handoffs
- Delivered developer-ready handoffs with responsive specifications, interaction guidelines, front-end feasibility considerations, and conversion-focused workflows across onboarding, dashboards, transactions, and mobile-first user journeys
- Leveraged AI-assisted design workflows, rapid prototyping, automation tools, analytics, and user feedback to accelerate ideation, interface exploration, and design iteration speed by ~50% while enhancing overall experience quality

UI/UX Designer, BankiTruck, Bangalore

Sep 2021 - Oct 2022

- Designed 20+ wireframes, user flows, prototypes, and responsive UI screens for fintech and logistics-based web and mobile applications using Figma
- Collaborated with product managers, developers, and business teams to deliver user-centred design solutions aligned with operational and customer needs
- Supported onboarding, booking, dashboard, and transaction workflows, improving usability and overall user experience through iterative design updates
- Conducted usability testing, user feedback analysis, and design iterations to identify friction points and enhance workflow efficiency
- Assisted in maintaining reusable design components, responsive layouts, and developer-ready handoff documentation within Agile/Scrum environments

EXTRA-CURRICULAR ACTIVITIES AND ACHIEVEMENTS

- Volunteer at NGO Muskaan (May'20 - Aug'20)** - Working for clean and ever beautiful India, going on Cleanliness, Plantation and wall beautification drives
- Entrepreneurship Cell SGND Khalsa, Design Researcher (Aug'18 - Aug 19)** - Collaborated on a research-driven startup weekend powered by Google, exploring modern production trends through theoretical analysis and speculative design. Played a key role in organizing the event, contributing to its success with **12,000+ sales**

SKILLS

- Tools:** Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop, Sketch, Adobe Premiere Pro, Prototipe, XMind, Miro, WIX, Wordpress, FigJam, Zeplin
- Design:** User Research, User Interviews, Wireframing, Prototyping, Information Architecture, Rapid Prototyping, UI Design, interaction design, User Experience Design, Usability Studies, Design System, User Search, Responsive Design, High Fidelity Mockups, Pixel Perfect Design, Visual Communication, Brand Identity Design, Typography & Layout, Design Systems & Style Guides, Design Systems & Style Guides

POSITION OF RESPONSIBILITY
